DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on September 12, 2006. Currently,
5 claims 1-9 remain in the examination.

Allowable Subject Matter

2. Claims 1-9 are allowed.

3. The following is the Examiner's statement of reasons for allowance: the claims are
10 directed at a smart card comprising a communication circuit in the form of a hard-wired circuit disposed between the contact and the microprocessor. The communication device determines whether information received from the terminal is erroneous and generates return signal incorporating the determination. The prior art of record fails to teach or fairly suggest such a card structure. The device structure as further disclosed in claim 2 is neither disclosed or
15 suggested by the cited references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
